

**Challenge Name:** Operation: Breadcrumbs

**Challenge Description:**

Your agency has intercepted a message indicating that a person of interest, **Henry Christopher**, will be attending a secret meeting. All you know is that the meeting will happen somewhere on **Earth**, but you need to pinpoint the exact **date** of the meeting and **name of person** of who he is meeting. Rumour has it, Henry is active on social media platforms, and his digital footprint may reveal his plans.

Hint: HenryChris87

Flag format: SSMCTF{exact\_date\_name}

Example: if date is “1 June 2025” and name of person meeting is “George”

Flag example: SSMCTF{1\_June\_2025\_George}

Answer walkthrough Below

## Answer Walkthrough

Step 1: Finding which social media account Henry is on.

Using tools or known social media websites, one can put the “HenryChris87” at the account name in URL. After trying known social media, we realised there is an account on x.

<https://x.com/HenryChris87>

At there, we can see this

So we know his email is henrychristopher1987

## Step 2: Finding the google ID of the email

By searching “OSINT website that find google id from email” or using any known OSINT tool, u can find a tool to get the id. For this, I will be using <https://epieos.com/>

**henrychristopher1987@gmail.com**

Step 3: Finding the date of secret meeting and person he is meeting with in calendar

Using the google calendar link from epieos

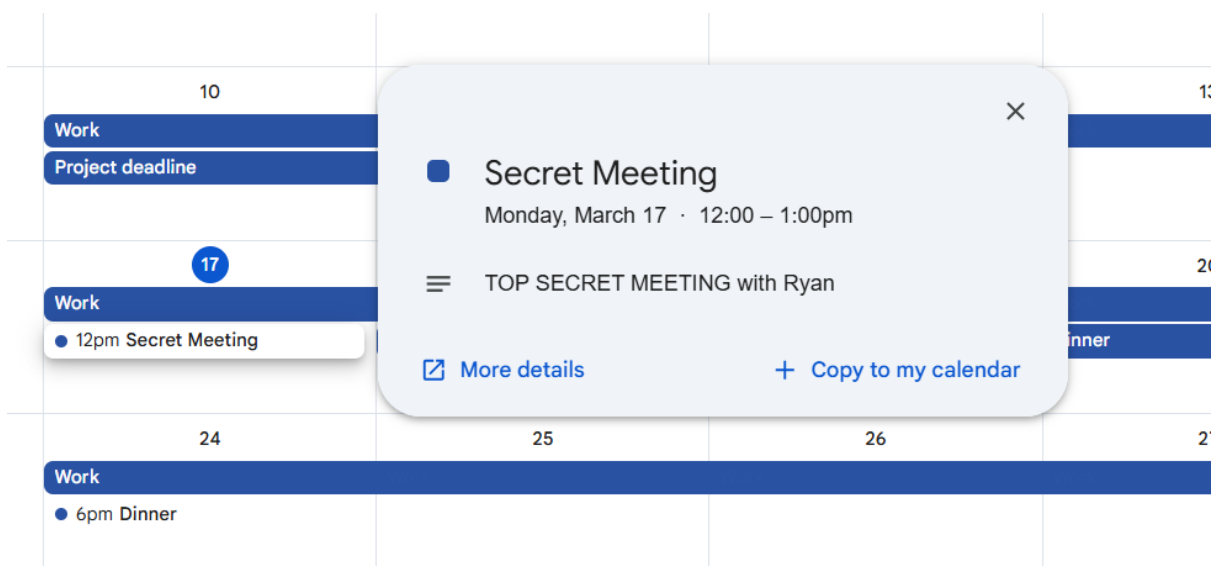

<https://calendar.google.com/calendar/u/0/embed?src=henrychristopher1987@gmail.com&pli=1>

Scrolling through the days, we can see that there is an event called “secret meeting”

So we know that secret meeting was on 17 March 2025 12pm

Upon clicking on it

We know that the person he is meeting is called “Ryan”

#### Step 4: Flag

We know that the person he is meeting with is “Ryan”

We know that the date of the meeting is “17 March 2025”

Flag: SSMCTF{17\_March\_2025\_Ryan}
