

Challenge Name: Cat around the World

Challenge Description:

Where am I? Find my exact coordinates up to 5 decimal places!

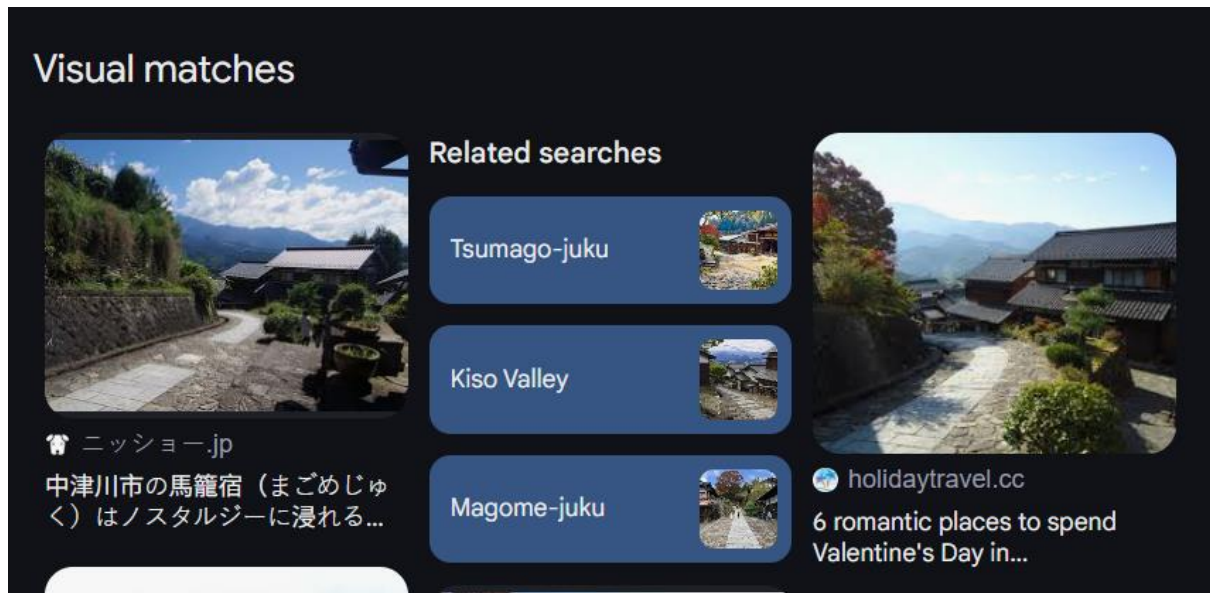

Flag format: SSMCTF{coordinates}

Hint: The longitude and latitude 5 decimal place is both "7"

Example: If coordinates is -1.123456,1.123450, flag will be SSMCTF{-1.12345,1.12345}

Answer Walkthrough

Step 1: We use Google Reverse Image

2021.10.08

[Living Town Navi](#) > [Gifu Prefecture](#) > [Nakatsugawa City](#) >
[List of articles about Nakatsugawa City, Gifu Prefecture](#)

Magome-juku in Nakatsugawa City is a post town on the Nakasendo road that will fill you with nostalgia!

[#retro\(25\)](#) [#Historical Sites\(6\)](#) [#Relaxing\(107\)](#) [#walk\(60\)](#)

Therefore, we know that this picture was taken at Magome-juku.

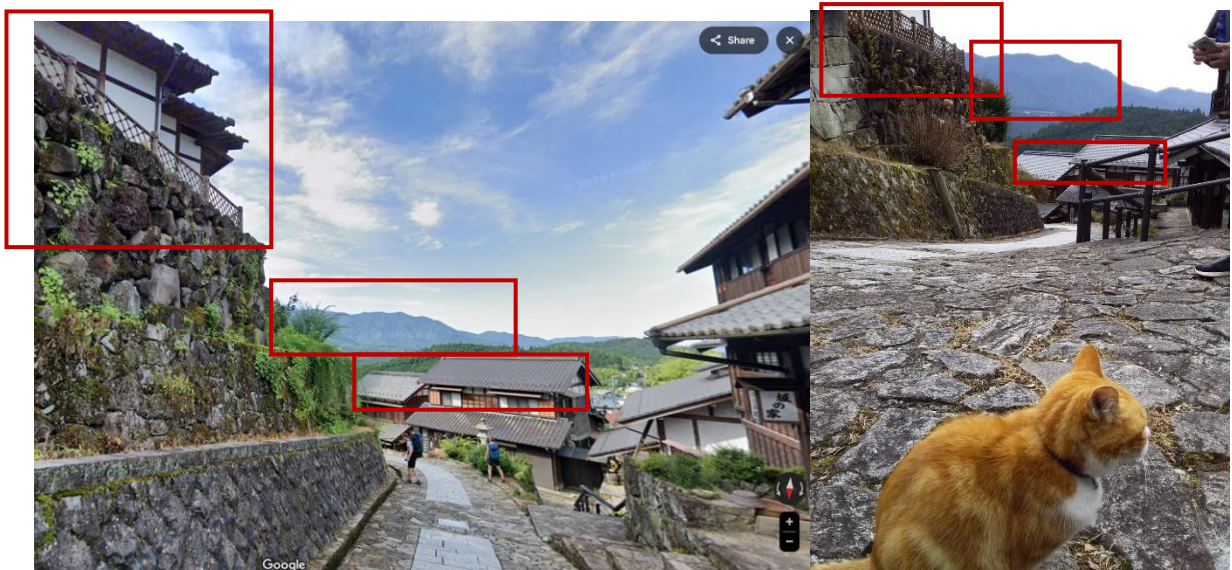

Step 2:

At Google Maps, we can analyse that place.

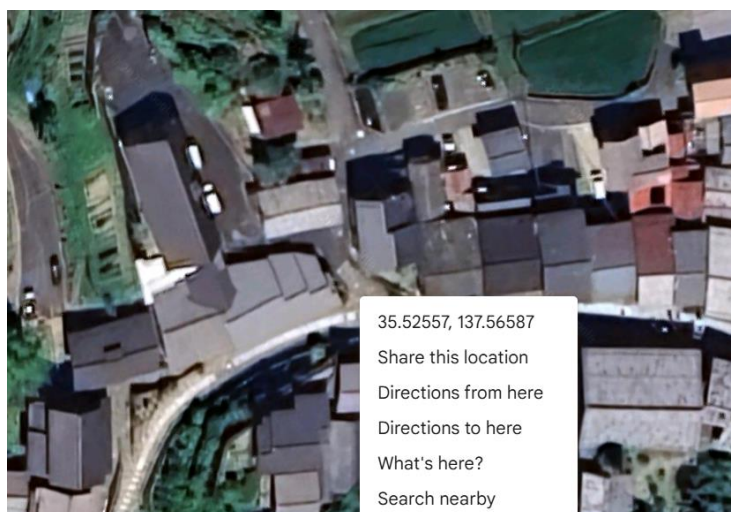

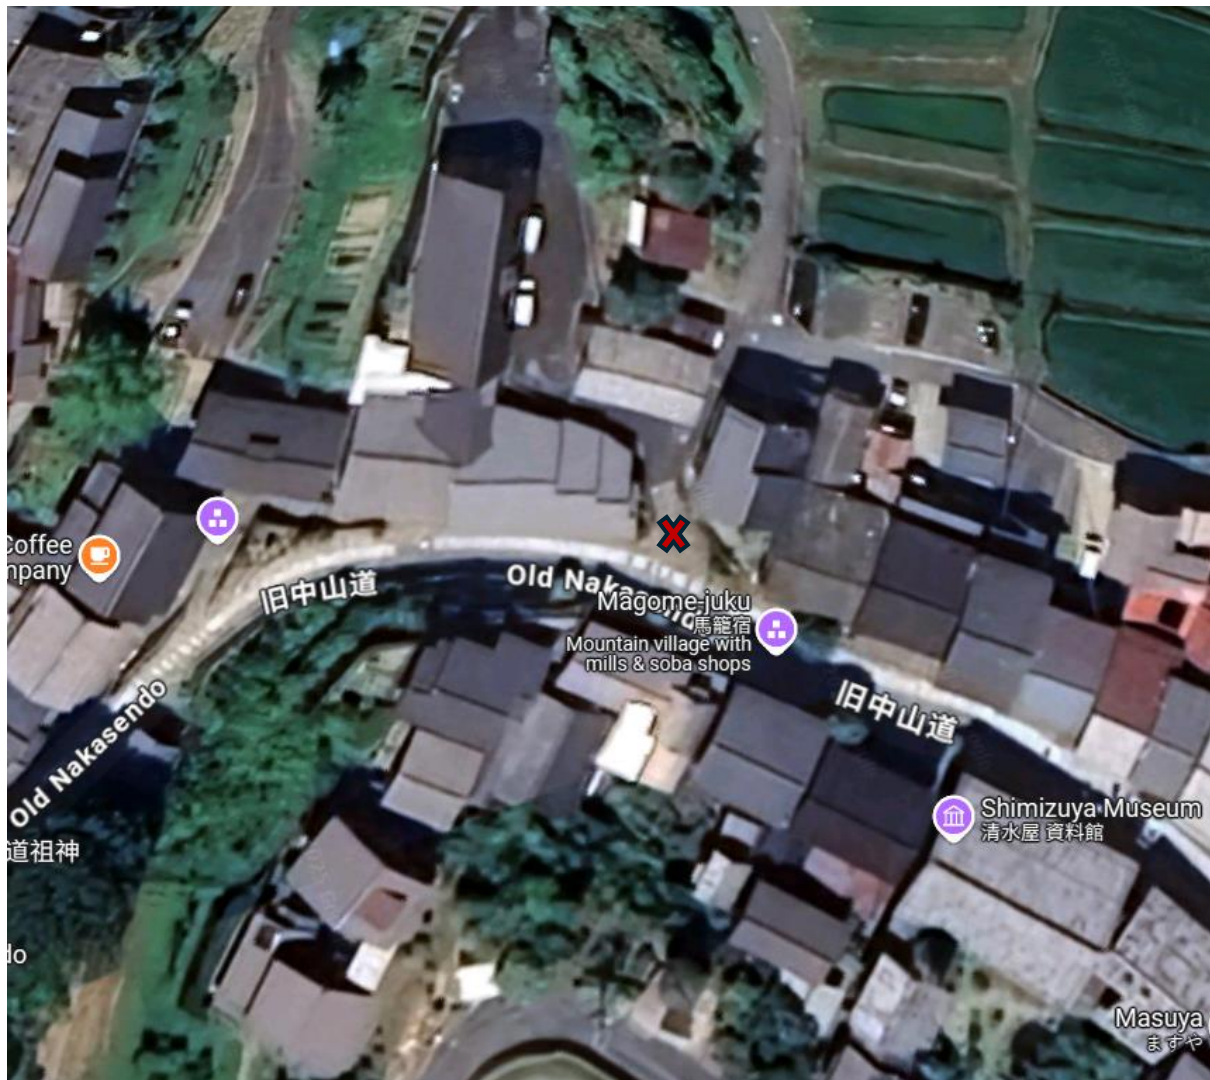

The stone path is the red line and we can use Google street View to view it and find the place which the photo was taken

Step 3:

At Google Street view, we can see many similarities especially the floor stone tiles.

At Google Map, we know the Red Cross is here

Answer: SSMCTF{35.52557,137.56587}
